thoth hermes or djehuty as this book refers to him is a mythical ancient egyptian kemetian sage whose wisdom is said to have transformed him into a god djehuty who was venerated in kemet from at least 3000 b c e is credited with the invention of sacred hieroglyphic writing and his figure portrayed as a scribe with the head of an ibis can be seen in many temples and tombs he is the dispatcher of divine messages and recorder of all human deeds in the great hall of judgement the after life court of the god asar osiris where the dead are judged djehuty would establish whether the deceased had acquired spiritual knowledge and purity and so deserved a place in heaven djehuty was said to have revealed to the kemetians ancient native egyptians all knowledge on astronomy architecture engineering botany geometry medicine and religion land surveying and was believed by the ancient greeks to be the architect of the pyramids the greeks who were in awe of the knowledge and spirituality of the kemetians depicted him through their narrow view of the mysteries as hermes the messenger of the gods and guider of souls in the realm of the dead to distinguish the kemetian djehuty from their

own the greeks referred to him using the title trismegistus meaning thrice great to honor his sublime wisdom the remnants of the wisdom of djehuty have been passed on in texts mistakenly referred to today as the hermetica although largely unknown today the writings attributed to djehuty have been immensely important in the history of western thought they profoundly influenced the greeks and through their rediscovery in the fifteenth century florence helped to inspire the renaissance which gave birth to our modern age the list of people who have acknowledged a debt to the wisdom of the scribe of the gods reads like a who's who of greatest philosophers scientists and artists that the west has produced leonardo da vinci durer botticelli roger bacon paracelsus thomas more william blake kepler copernicus isaac newton sir walter raleigh milton ben johnson daniel defoe shelley victor hugo and carl jung it heavily influenced shakespeare john donne john dee and all the poet philosophers who surrounded the court of queen elizabeth i as well as the founding scientists of the royal society in london and even the leaders who inspired the protestant reformation in europe the list is endless with the djehuty's influence reaching well beyond the frontiers of europe islamic mystics and philosophers also trace their inspiration back to the scribe of the gods and the esoteric tradition of the jews equated him with their mysterious prophet enoch the hermetica as djehuty's works are referred to today act like a cornerstone of western culture in substance and importance it is equal to well known eastern scriptures like upanishads the dhammapada and the tao te ching yet unlike these texts which are readily available and widely read the works of djehuty have been lost under the dead weight of academic translations christian prejudice and occult obscurities

a radical reinterpretation of the pyramid texts as shamanic mystical wisdom rather than funerary rituals reveals the mystical nature of egyptian civilization denied by orthodox egyptologists examines the similarity between the pharaoh s afterlife voyage and shamanic journeying shows shamanism to be the foundation of the egyptian mystical tradition to the greek philosophers and other peoples of the ancient world egypt was regarded as the home of a profound mystical wisdom while there are many today who still share that view the consensus of most egyptologists is that no evidence exists that egypt possessed any mystical tradition whatsoever jeremy naydler s radical reinterpretation of the pyramid texts the earliest body of religious literature to have survived from ancient egypt places these documents into the ritual context in which they belong until now the pyramid texts have been viewed primarily as royal funerary texts that were used in the liturgy of the dead pharaoh or to aid him in his afterlife journey this emphasis on funerary interpretation has served only to externalize what were actually experiences of the living not the dead king in order to understand the character and significance of the extreme psychological states the pharaoh experienced states often involving perilous encounters with alternate realities we need to approach them as spiritual and religious phenomena that reveal the extraordinary possibilities of human consciousness it is the shamanic spiritual tradition argues naydler that is the undercurrent of the pyramid texts and that holds the key to understanding both the true nature of these experiences and the basis of ancient egyptian mysticism
